Shri. S.K. Sharma
Chairman

Founder's Chairmans Message

“At Bengal College of Engineering & Technology (Diploma Engg. Division), Formerly Bengal College of Polytechnic(BCP), the students will be introduced to some of the key themes of engineering which will give them an understanding of the basic principles of diploma engineering. Students will learn what engineering is all about and examine the different opportunities it has to offer. Students studying the Diploma will understand how to apply theory and practice and be able to make informed decisions about their future.

Communication and sharing knowledge, being an integral part of today's competitive world, the college will endeavour to equip students with essential skills to prepare them for work and continuing education.

The course is designed to be interesting, relevant to modern engineering and to open up a wide range of educational, training and career opportunities with added emphasis on the industry institute interaction with surrounding industries in and around Durgapur Asansol belt. ”

Prof.(Dr.) Santanu Koley

Principal's Message

“A vast majority of us nurse positive dreams. Few people initiate and start acting to realize them. And only those, too fewer-work hard to turn their dreams into daring and bold realities. It was about a decade and its half years’ time from today at the precinct where BCET stands today that cherished dream fructified. It was to fortify young minds with value and outcome based technological and management education and there was birth of Bengal College of Engineering and Technology at Durgapur in the year 2001. All was possible due to our visionary and industrialist Chairman Shri S.K.Sharma who was determined to make BCET and a full set of its sister Institutions making the hub to hone prowess in technical education at the knowledge centres under SKS Educational and Social Trust.

The noticeable and attractive feature that this institution offers is an excellent, planned and spread out green campus offering an ambience that builds a bridge between an individual and the small world of learning and personality building.

Bengal College of Engineering and Technology possesses a cohort of erudite faculty members with research and industrial experiences from renowned institutions to provide excellent instruction and mentoring for the students. Authorities like Department of Science and Technology and All India Council for Technical Education have entrusted several projects including research to our faculties and students with financial provisions. All these together have added to the firmness and cohesion to the several disciplines of technology to work

forward together with the courses in engineering and management to cater Bachelor and Masters degrees.

It's a fact that Bengal College of Engineering and Technology which began its humble journey in the year 2001 has not only grown but also is perfecting itself to meet the challenges being faced at present and gets ready for the future era.

Seminars-National and International, workshops, trainings, soft-skills development classes, educational tours, industrial project works etc. are some of our salient and regular features through which our students get prepared to get geared for a global technologists role. We are committed to retain the level of superiority already in our command and shall leave no stone unturned to get our pupils ahead of others in different spheres of life through further refinement.”

ABOUT THE INSTITUTE

Bengal College of Engineering and Technology, BCET is one of the Top 10 Engineering Colleges in West Bengal, Durgapur which was set up under the aegis of SKS Educational and Social Trust in 2001. The college offers a multitude of under graduate and post graduate degree courses in different branches of engineering and management. Proximity of regions premier educational and research institutes like National Institute of Technology, Durgapur; Central Mechanical Engineering Research Institute, Durgapur; Indian Institute of Technology, Kharagpur; Indian Statistical Institute, Kolkata; Jadavpur University, Kolkata; Indian Institute of Engineering Science and Technology, Howrah; have resulted in vast pool of intellectual capital. Today, its infrastructure includes airy classrooms, well-equipped laboratories, safe and secure hostels for boys and girls, Multigym, Greenfield playgrounds to name a few. Many high profile Ministers, dignitaries and Academicians of national repute have visited and praised the college campus and its infrastructure.

Bengal College of Engineering and Technology was the National Champions in the years 2008, 2009 and 2010, Runners up in the years 2011, 2012 and 2013 and again Regional Champions in the years 2014 and 2015 in the National Entrepreneurship Network (NEN). In 2016 the college received the award for Honour Role. These awards ensure a special recognition for the entire Durgapur region in the entrepreneurial map of the nation.

In our quest for excellence in education, Bengal College of Engineering and Technology has been awarded the title of “Outstanding Engineering Institute (East)” for five times i.e in the years 2012, 2013, 2014, 2016 and 2017. The 9th DNA Innovative Education Awards 2017 was presented to Prof. Dr. A.C. Ganguli, Director, SKS Group of Institutions by Hon’ble Education Minister of Sri Lanka, Shri Akila Viraj Kariyawasam, who was also the Chief Guest for this function organised at the Taj Lands End, Mumbai. The award was presented on 18th February 2017 in presence of international dignitaries, admired delegates and various other senior professionals across the Industry. The award bears testimony to the quality of education imparted at Bengal College of Engineering and Technology.

VISION & MISSION OF THE INSTITUTE

Vision

To Motivate students to surpass themselves to achieve excellence and make the Institute a global centre of Education, Research and Innovations and contributing responsibly to societal and sustainable development.

Mission

IM1-To provide quality, value-based education through continuous academic improvement, and a multidisciplinary, industry-aligned environment that promotes research and experiential learning for the benefit of all stakeholders.

IM2- To prepare creative and competent professionals and entrepreneurs for effective individual and team-based work in global environments.

IM3- To develop ethically responsible citizens with a strong sense of civic duty, capable of making meaningful contributions to sustainable societal development across their careers.

Core Values

- Honesty and Integrity
- Respect for the rights
- Accountability for actions
- Dignity of others
- Pursuit of excellence
- Fairness and equity

RESEARCH & DEVELOPMENT

FDP's

Sl. No	Name of Faculty	Designation	Department	Title of FDP/training programmes (AICTE/UGC/ARPIT/similar) or were sponsored for industrial training/fellowships
1	Mr. Shiv Prasad	Assistant Professor	IT	Advance Multimedia and Multimodal AI
2	DR. SANTANU MODAK	ASSOCIATE PROFESSOR	IT	Introduction to Computational Neuroscience and Biology
3	Mr. Dipankar Das	ASST PROFESSOR	IT	AI and Big Data Analytics for Sustainable Development
4	Mr. Dipankar Das	ASST PROFESSOR	IT	OBE: The Pedagogical Approach in the Light of NEP 2020
5	Mr. Dipankar Das	ASST PROFESSOR	IT	Subject Knowledge and Understanding: AI, Image Processing and Projects in the Evolving Computer Science Discipline
6	Mr. Dipankar Das	ASST PROFESSOR	IT	Sustainable Digital Future
7	Mr. Dipankar Das	ASST PROFESSOR	IT	Advancements in Next Generation Computing and Communications in the IoT age
8	Mr. Dipankar Das	ASST PROFESSOR	IT	Emerging Technologies (IOT, Cloud Computing, Generative AI) and their roles in Outcome Based Education (OBE) under NEP 2020
9	Mr. Sudip Chakrabarti	ASST PROFESSOR	IT	Industry 4.0: Readiness, Skills and future Directions
10	Mrs. Kamini Kanchan	ASST PROFESSOR	IT	Subject Knowledge and Understanding : AI image Processing and Projects in the Evolving Computer Science Discipline
11	Mrs. Kamini Kanchan	ASST PROFESSOR	IT	Emerging Technologies (IOT, Cloud Computing, Generative AI) and their roles in Outcome Based Education (OBE) under NEP 2020
12	Dr. SANGEETA SEN	ASST PROFESSOR	IT	AI and Big Data Analytics for Sustainable Development
13	Dr. SANGEETA SEN	ASST PROFESSOR	IT	Recent Research Trends on NextGen AI (RRTNGAI)
14	Dr. SANGEETA SEN	ASST PROFESSOR	IT	Industry 4.0: Readiness, Skills and Future Directions
