Type of Activity - Blood Donation Camp / Community Service Activity	
Target Participants - Students, Faculty Members, Staff and Voluntary Donors	
Total Number of Participants - 40	
Objective: To encourage voluntary blood donation, create awareness regarding the importance of blood donation, support patients during medical emergencies, and promote social responsibility among students.	
Outcome: Successful collection of blood units, increased awareness regarding voluntary blood donation, enhanced student participation in social service activities, and strengthened community engagement.	
Description of the Event / Activity	
Introduction	
The Blood Donation Camp was organized by the NSS Cell, Bengal College of Engineering and Technology (BCET), in collaboration with Sub-Divisional Hospital, Durgapur. The camps were conducted on 29th September 2023 with the objective of promoting voluntary blood donation and creating awareness about the importance of donating blood to save lives. Blood donation is one of the noblest forms of social service, and the NSS Cell undertook this initiative to motivate students and other stakeholders to contribute towards society through voluntary blood donation. The programme also aimed to develop a sense of humanitarian responsibility among the youth.	
Planning and Organization	
The Blood Donation Camps were meticulously planned and organized by the NSS Cell in coordination with the medical teams of Bengal Hospital and Sub-Divisional Hospital. Prior to the events, awareness campaigns were conducted among students to encourage participation. Registration counters were established for donor enrollment and verification. Medical professionals carried out health screenings to ensure donor eligibility. NSS volunteers assisted throughout the programme by managing registrations, guiding participants,	

maintaining discipline, and providing logistical support to the medical teams.

Activities Conducted

The following activities were carried out during the camps:

- Registration of voluntary donors.
- Preliminary health check-up and eligibility screening.
- Blood donation under the supervision of qualified medical professionals.
- Distribution of refreshments and certificates to donors.
- Awareness interaction regarding the importance of regular blood donation.
- Volunteer support for smooth management and coordination of the event.

Student Participation

Students from various departments actively participated in all three Blood Donation Camps. NSS volunteers played a vital role in organizing and managing the programme. Their enthusiastic involvement ensured the successful execution of the camps.

A total of around **40 donors participated on 29.09.2023**, demonstrating the growing awareness and commitment of students towards social service activities.

Conclusion

The **Blood Donation Camps conducted on 29th September 2023** were highly successful outreach initiatives organized by the NSS Cell of BCET. The events effectively promoted the importance of voluntary blood donation and encouraged students to participate in a noble social cause. Through active participation, awareness generation and successful blood collection, the programme made a meaningful contribution towards community welfare while fostering social responsibility and humanitarian values among students.
