Type of Activity - Blood Donation Camp	
Target Participants - Students, Faculty Members, Staff and Voluntary Donors.	
Total Number of Participants - 42	
Objective: To motivate voluntary blood donation, support healthcare services through blood collection, and develop social commitment among students.	
Outcome: Successful blood collection, increased awareness regarding blood donation, and active student engagement in community welfare activities.	
Description of the Event / Activity –	
Introduction The NSS Cell of Bengal College of Engineering and Technology (BCET), Durgapur organized a Voluntary Blood Donation Camp on 25th November 2024 in association with Sub-Divisional Hospital, Durgapur . The programme was conducted with the aim of encouraging healthy individuals to donate blood voluntarily and contribute towards meeting the growing demand for blood in hospitals and emergency medical situations. The event served as an important platform to spread awareness about the significance of blood donation and inspire students to participate in humanitarian activities that directly benefit society.	
Planning and Execution Prior to the programme, the NSS Cell conducted awareness drives and encouraged eligible students to participate in the camp. Registration facilities were arranged for prospective donors, while medical professionals carried out health assessments to determine donor eligibility. The NSS volunteers coordinated the entire programme by assisting participants, managing registrations, maintaining discipline and ensuring the smooth execution of all activities. The medical team supervised the blood collection process following standard safety protocols.	
Activities Conducted	

The camp included several organized activities, such as:

- Registration of voluntary blood donors.
- Medical examination and fitness screening of participants.
- Collection of blood by trained healthcare professionals.
- Distribution of refreshments and post-donation care support.
- Awareness interactions regarding the importance of regular blood donation.
- Volunteer assistance and event coordination throughout the programme.

Student Participation

Students from different academic departments enthusiastically participated in the camp. A total of **42 student donors** voluntarily donated blood and supported the noble cause. NSS volunteers also played an active role in managing the programme, guiding participants and assisting the healthcare team.

The event reflected the students' commitment towards social welfare and demonstrated their willingness to contribute to community health initiatives.

Conclusion

The **Voluntary Blood Donation Camp held on 25th November 2024** was successfully conducted by the NSS Cell of BCET in collaboration with Bengal Hospital and Sub-Divisional Hospital. The programme not only contributed to the collection of valuable blood units but also fostered a spirit of social responsibility among students. The active participation of donors and volunteers ensured the success of the event and reinforced the importance of community service and humanitarian values.
