

Title of the Event/Activity - Blood Donation Camp	
Organizing Body - NSS Cell, Bengal College of Engineering and Technology (BCET), Durgapur	
Organizer's Head – Gopal Chandra Das, NSS In-Charge, BCET	
Collaborating Agency(if any); Bengal Hospital, Durgapur.	
Resource Person/ Speaker - Doctors, Blood Bank Officials and Medical Personnel from the Collaborating Hospitals.	
Date 21/04/2026	Duration: - One Day
Venue – Bengal Hospital, Durgapur	Mode – Offline
Activity Category: - Extension and Outreach Activity.	
Type of Activity - Blood Donation Camp.	
Target Participants - Students, Faculty Members, Staff and Voluntary Donors.	
Total Number of Participants - 44	
Objective: To encourage regular blood donation, support healthcare services, and develop a sense of social commitment and humanitarian values among students.	
Outcome: Successful collection of blood units, enhanced awareness regarding voluntary blood donation, and increased student participation in community service activities.	
Description of the Event / Activity – Introduction As part of its commitment to social welfare and community engagement, the NSS Cell of Bengal College of Engineering and Technology (BCET), Durgapur organized a Blood Donation Awareness and Donation Camp on 21st April 2025 in collaboration with Bengal Hospital . The programme was conducted to address the continuous need for blood in healthcare institutions and to encourage voluntary participation in this life-saving initiative. The camp provided an opportunity for students to contribute directly to society while understanding the significance of blood donation in supporting patients undergoing medical treatment and emergency care. Planning and Organization The programme was planned jointly by the NSS Cell and the collaborating healthcare institutions. Prior awareness campaigns, personal interactions and promotional activities were undertaken to inform students about the benefits and safety of blood donation. On the day of the event, registration counters, donor screening facilities and blood collection units were arranged. Medical professionals conducted health assessments and monitored the donation process, while NSS volunteers managed participant coordination and logistical support. Activities Conducted	

The major activities carried out during the camp included:

- Registration of voluntary donors.
- Medical screening and health evaluation.
- Safe collection of blood under expert medical supervision.
- Post-donation observation and refreshment support.
- Awareness interactions highlighting myths and facts related to blood donation.
- Volunteer assistance for crowd management and programme coordination.

Student Participation

Students from various departments actively participated in the camp, demonstrating enthusiasm and social responsibility. A total of **44 student donors** voluntarily donated blood during the programme. NSS volunteers efficiently handled different aspects of the event, including registration, donor guidance and coordination with the medical team.

The active involvement of students contributed significantly to the successful execution of the camp and reflected their commitment to community welfare.

Conclusion

The **Blood Donation Awareness and Donation Camp conducted on 21st April 2025** was a successful outreach initiative of the NSS Cell, BCET. Through active participation by students and the support of medical professionals, the programme achieved its objective of promoting voluntary blood donation and social responsibility. The event served as an excellent example of community service and highlighted the important role that young individuals can play in supporting healthcare and humanitarian causes.
