Description of the Event / Activity– As part of its annual extension and outreach activities, the NSS Cell of Bengal College of Engineering and Technology (BCET), Durgapur organized a Paper Drive Campaign on 29 September 2024 in the surrounding localities near the college campus. The campaign was conducted before Durga Puja with the aim of encouraging paper recycling and generating resources for social welfare activities. Student volunteers visited residential colonies, shops, and community areas to collect recyclable paper materials such as newspapers, magazines, books, office papers, and cardboard waste. Through direct interaction with local residents, volunteers promoted awareness regarding sustainable waste management and environmental conservation. The local community actively participated in the initiative and contributed recyclable paper waste for the noble cause. The collected materials were sold to authorized recycling agencies, and the proceeds were utilized for supporting needy and underprivileged individuals residing in nearby areas. Essential support and assistance were provided to beneficiaries before the festive celebrations. The programme strengthened the relationship between the institution and the local community while fostering environmental awareness, civic responsibility, and a spirit of social service
