

Title of the Event/Activity - Tree Plantation Programme – One Student One Tree	
Organizing Body - NSS Cell, Bengal College of Engineering & Technology (BCET), Durgapur	
Organizer's Head-Gopal Chandra Das, NSS In-Charge, BCET.	
Collaborating Agency(if any); - NIL	
Resource Person/ Speaker – Not Applicable	
Date 08/07/2024	Duration: - One Day
Venue – Shobhapur, Durgapur	Mode –Offline
Activity Category: - Extension Activity.	
Type of Activity - Tree Plantation Drive.	
Target Participants - NSS Volunteers and Students	
Total Number of Participants – 39 students and 5Faculty members.	
Objective: To encourage students to participate in environmental conservation activities, increase green cover, create awareness regarding ecological balance, and promote the concept of individual responsibility through tree plantation.	
Outcome: Students actively planted saplings and gained awareness about environmental sustainability. The programme contributed towards increasing greenery and strengthening environmental responsibility among participants.	
Description of the Event / Activity – The NSS Cell of Bengal College of Engineering & Technology (BCET), Durgapur organized a Tree Plantation Programme on 8th July 2024 under the banner of “One Student One Tree.” The programme aimed to encourage students to participate actively in environmental conservation and contribute towards creating a cleaner and greener environment. The programme commenced with an awareness session highlighting the importance of trees in maintaining ecological balance and protecting the environment. NSS volunteers explained the role of trees in reducing pollution, conserving biodiversity, improving climatic conditions, and supporting sustainable development. Students were encouraged to understand their responsibility towards preserving nature. As part of the plantation drive, students planted saplings at designated locations within the college campus. The NSS Cell ensured proper planning and guidance so that students could plant and maintain the saplings effectively. Participants were motivated to take personal responsibility for nurturing the plants and monitoring their growth. The programme also focused on creating awareness regarding environmental issues such as global warming, deforestation, and climate change. Through practical participation, students developed a stronger understanding of environmental challenges and the importance of community participation in addressing them. The enthusiastic involvement of NSS volunteers and students made the programme successful. The initiative not only increased greenery within the campus but also instilled values of
