

Date: 20.02.2024

NOTICE

All students of Bengal College of Engineering & Technology (BCET), Durgapur are hereby informed that Storm Breaker (Sports Club), BCET is organizing a Discus Throw Competition on Friday, 1st March 2024 at the BCET Ground (Throwing Area) for the Academic Year 2023-24. Students interested in taking part are requested to register their names with the Coordinator, Storm Breaker, or their respective Class Representatives at the earliest.

The Discus Throw is a field event in which participants spin within a marked throwing circle and release a heavy, flat circular disc, called the discus, to throw it as far as possible into the landing sector. The distance is measured from the inner edge of the circle to the point where the discus first lands. The event is planned with the objective of testing strength, rhythm, balance and rotational technique, and of promoting physical fitness, discipline and sportsmanship among students. Each participant will be given a fixed number of attempts, with the best valid throw counted, and a throw will be counted as a foul if the participant steps out of the circle or the discus lands outside the sector. Adequate safety distance will be maintained around the throwing area. Faculty members will act as judges, and the top three throwers will be awarded.
