

ACHIEVEMENT OF MECHANICAL ENGINEERING DEPARTMENT

1. The department started its function in full fledged to award the B.Tech degree course in the year and still continuing.
2. B. Tech in Mechanical Engineering course in our college is N.B.A accredited course since 2017.
3. We provide the comprehensive learning environment which helps the student to establish themselves in the future and lead themselves in the desired path of their dreams.
4. Mechanical department has well equipped laboratories, qualified and caring faculty.
5. Students have enough scope to enrich themselves in the field of Science and technology by doing more practical work.
6. Mechanical Engineering department received the central fund in the MODROB project.
7. Industrial experienced based faculties are available with us. As a result Students will be benefitted in getting industrial experience.
8. Mechanical Engineering department arrange the industrial visit for the students time to time.
9. Final year students are placed in the companies like TCS, Cognizant, Extramarks, Eantlis engineering LLP ,DMG solutions, Dhoot transmission etc.
10. Pass out students are doing jobs in many government sectors like CIL, Railway, ECI, Shipping corporation of India, Banks etc. and also in teaching in different state technical institutions.
11. A section of pass out students doing M.Tech in different Nits and IITs
12. A section of pass out students already got the phd degree abd some are doing Phd in NITs and IITs
13. A section of pass out students is in abroad for higher studies.
14. Since automobile industry, Power plants, manufacturing sectors, aeronautical sectors are growing up , so there is a good opportunity for the mechanical engineering students in future.
