

ALUMNI ASSOCIATION OF BENGAL COLLEGE OF ENGINEERING & TECHNOLOGY

The Bengal College of Engineering & Technology (BCET), Durgapur, has an active alumni network connecting graduates under the banner of **Alumni Association of Bengal College of Engineering & Technology**, which was **incorporated on 8th May'2009**. The alumni are engaged in various sectors, with over 2,500 listed on LinkedIn.

Alumni Association of Bengal College of Engineering & Technology was a formally structured, often independent organization for graduates, aiming to foster lifelong, mutually beneficial, and emotional connections between alumni, students, and their alma mater. Operations include organizing networking events, facilitating mentoring, fundraising for institutional development, publishing newsletters, and maintaining online platforms to engage alumni.

Key Information & Activities:

- **Purpose:** The association aims to bridge the gap between industrial requirements and academics, provide career support, and maintain a lifelong relationship between the institution and its alumni.
- **Networking & Support:** It facilitates campus recruitment, organizes webinars/workshops, and provides mentorship through "Industry-Buddy" programs for current students.
- **Alumni Meet:** The association holds annual reunions, such as "**ALUMNI MEET 2K25**," which was scheduled for December 26, 2025, at the college campus.
- **Leadership:** Currently, Mr. Rakesh Yadav serves as the President of the Alumni Association of Bengal College of Engineering & Technology.

Key Objectives and Functions:

- **Lifelong Engagement:** Reaching out to alumni and current students to foster a strong community through social media, events, and regular updates.
- **Networking and Mentorship:** Providing opportunities for alumni to connect with peers and mentor current students, often aiding in placements and career guidance.
- **Institutional Support:** Assisting the institution in achieving its goals, including fundraising, supporting infrastructure, and offering expertise.
- **Academic Collaboration:** Bridging the gap between industry and academia to improve curriculum and student development.

Operational Structure and Processes:

- **Governance:** Managed by a Board of Directors or Governing Body that holds meetings, develops, and implements strategic plans.
- **Membership and Finances:** Managing life or associate memberships through registration fees. They often manage their own funds and assets.
- **Communication:** Distributing information through newsletters, websites, and social media to keep alumni informed and involved.
- **Feedback Mechanism:** Acting as a channel for alumni to provide input to the institution's IQAC (Internal Quality Assurance Cell) and governing bodies for improvements.

These associations turn alumni into brand ambassadors, providing professional networking opportunities and enabling a lasting, supportive relationship with the institution.
